Funds for Needy Districts The President proposed:

1. Federal grants of 325 million dollars annually for the next four years, a total of \$1,300,000,000, to help build public schools in "financially needy" school districts. The federal money would be distributed under a complex formula taking into account the number of school-age children in a state and the state's average income per school-age child.

2. During the first year of the program, 1957, the federal aid would have to be matched by outlays from either state or local school district funds. After the first year, the matching funds would have to come solely from state funds-a requirement aimed at states which now make little or no contribution to school budg-

### Singer Denies He Was Accomplice to Slayer

(Continued from Page One)

Employes of a filling station across the street told Moline police that the man drove a light blue 1953 Chevrolet four-door with South Dakota license plates. The description tallied with that given by Bedwell in his confession. Two-State Alert

Police throughout Illinois and Iowa were alerted for the car. Services were held today for the victims, Barbara Grimes, 15, and her sister, Patricia, 13, at St. Maurice Roman Catholic Church where

the sisters had worshipped. Their mother, who has been on the point of collapse since the girls' bodies were found last Tueswell's confession

points in light of the autopsy. There were no significant marks violence on those bodies," a pathologist said, although Bedwell told authorities he and his com-

panion slugged the girls in the face. The Grimes sisters disappeared Dec. 28 after attending a movie starring their idol, singer Elvis Presley, for the 11th time.

Bedwell, in his statement, said he met the girls Jan. 7 with Frank at a tavern along the gaudy skid row strip. He said he paired off with Patricia and was with her off and on until Jan. 13 in a round of visits to taverns and cheap hotels and rooming houses. Bedwell said he was intimate with her a number of times.

Drove to Forest Preserve He said on the night of Jan. 13 Bedwell said he didn't know Frank's last name, but described him as 25 or 26 years old, of medium build and with light brown wavy hair.

Bedwell, a native of Paris, Tenn., said he and Frank drove to a forest preserve with the girls. He said that when the girls resisted their advances, a scuffle ensued and he and Frank slugged them into unconsciousness.

He said he did not know then whether they were dead or alive. Bedwell said Frank recommended stripping the girls' clothing from their bodies "because there might be fingerprints."

When this was done, he hoisted the bodies onto a guard rail by the roadside and dumped them into the ditch where they were found during a thaw last Tuesday.

## Douglas Criticizes Mid East Doctrine As 'Hullabaloo'

CHICAGO (U.E) - Sen. Paul H. Douglas (D-Ill) Sunday night criticized President Eisenhower's Mid-East Doctrine as "a lot of hulla-

Douglas said if it should be necessary for American troops to move into the Middle East, they should do so as part of a United Nations contingent and not as a U. S. force. Douglas spoke at a meeting of Chicago Zionists.

The senator recommended placing the Gaza strip under a United Nations trusteeship to be administered by Israel, providing the Israelis accept responsibility for the

200,000 Arab refugees in the strip. Douglas, in an earlier address here during the weekend, also called for rapid clearance of the Suez Canal, construction of a new oil pipeline and repair of two others wrecked during the Suez crisis, neutralization of the Gaza strip and other areas of tension, and resettlement of 800,000 Arabs who fled Israel in 1948.
